

# ADDENDA&UPDATES

## WIFI

All PRE-registered conference attendees will receive a user ID and wireless password for the NASA guest network **with their badge**.

## IMPORTANT INFO FOR SPEAKERS

Check in ASAP at the “SPEAKER CHECK IN” table, to your left as you enter the Plenary Room 171, in Building 152.

## PROGRAM CHANGES

- **Bill Reach** will speak on “SOFIA: Capabilities for Studying Exoplanets in the Kepler Era and Beyond,” Tuesday at 11:15 – 11:30, replacing Edward Dunham’s talk.
- **Steve Howell** will speak on “Kepler in an Extended Mission,” Tuesday at 11:45 – 12:00
- **Sean Carey** will speak on “Recent Operational Improvements to High Precision Photometric Observations with Warm IRAC,” Tuesday at 12:00 – 12:15

## POSTER SESSION CHANGES

- **Sean McAuliffe’s** poster – “Kepler Science Operations Center Software Infrastructure / P1014” – will move from Poster Session II to Poster Session I.
- **Jeffrey Smith’s poster** -- “Removing the Noise While Preserving the Signal” – will move from Poster Session II to Poster Session I.

## ON-SITE LUNCH UPDATE (M/T/W)

- A bus (capacity of 38) will run between Building 152 and 3 during the lunch break.
- Lunch will be set out on tables under canopies outside Building 3 for pick up. Look for the signs – a simple box lunch or salad will be provided, both with vegetarian options.
- Please grab a lunch & find a seat in the Ballroom of Building 3 as quickly as possible to watch the lunch program.

## PHOTOGRAPHY

A photographer will be present and taking photographs throughout the conference.

KEPLER SCIENCE CONFERENCE DEC 5-9, 2011
